The Universal Peace Circle was founded in August 2004 in Ambilly, France. Its charter was published in the *Journal Officiel* on August 28, 2004 (No. 1019).

Its objective was to create a **UNIVERSAL BOND OF PEACE** among peace actors, peace Builders, and international families working for peace.

*

The (virtual) Universal Peace Embassy was established one year later, on October 14, 2005, in Ambilly, France *Journal Officiel* of November 5, 2005, No. 1085), to serve as a meeting point for our organization's Ambassadors of Peace.

*

We are a small, independent international association non-denominational and non-profit, and to date, we have 3,000 Ambassadors of Peace across 100 countries. Each member has the opportunity to sponsor an individual to promote peace.

AMBASSADORS OF PEACE

To be appointed an Ambassador of Peace, an individual must actively work to promote peace and a culture of peace; their actions, spirit, and words must make them a living example of peace, fraternity, and humanism in their daily life. They must radiate peace wherever they are within their family, in their professional life, during leisure activities, among friends, and with people in general whether at a regional, national, or global level.

Ambassadors are the living flame of the universal and eternal Spirit of Peace.

We do not want meetings designed merely for show; there are already specialists for that kind of promotion. No! We wish to create a small nucleus of peace:

“A nucleus of universal peace—shared and infinite ly small.”

A nucleus capable of serving as a link between human beings: a bond of peace uniting peace actors, those who work for peace, and organizations dedicated to peace! In universal peace and fraternity.

The Universal Embassy of Peace (Virtual)

Ambassadors of Peace are the living, radiant stones of the Universal Embassy of Peace.

Each individual has their own life, activities, and commitments whether dedicated to peace or to other causes; However, the Universal Embassy of Peace aspires to become and embody the place, the meeting point, the coordination center, and the universal Cross roads for all the Great Families of Universal Peace wishing to be part of it.
